

Disclaimer and Important Information

[Milesight VS373 Radar Fall Detector](#)

Disclaimer

This product uses advanced millimeter-wave radar technology for inverted detection. We strive to optimize performance to minimize the impact of [uncontrollable factors](#) like environmental conditions and installation locations. Our company is not liable for any issues caused by these factors and will continue to improve our products.

This product is an auxiliary detection tool and cannot fully replace manual patrols or supervision. Ensure dedicated personnel are monitoring in real-time and intervening as necessary. Our company is not liable for any accidents or personal safety issues due to lack of timely intervention.

Users must regularly inspect and maintain the product to ensure proper operation and suitable working conditions. Follow [the user guide](#) strictly and take necessary preventive measures. Our company is not liable for any damage or malfunction caused by improper operation or unauthorized disassembly. Regular training for relevant personnel is recommended.
